THE CREST OF THE UNIVERSITY

The ship in the logo represents maritime culture of Odisha. This also represents Odisha's past glory in trade and commerce. The inkpot with pen symbolizes education in the ancient period which needs to be developed in recent times to cater to modern needs. The tribal couple with firewood on their heads represents the tribal life and culture in Mayurbhanj and Keonjhar districts. The pulley used in extracting minerals from the mines and the vehicle used for transportation of those minerals to the industries symbolize rich potential of minerals in Mayurbhanj and Keonjhar districts that are the basic ingredients in setting up of industries in these districts.

MESSAGE

It has given me pleasure to go through the Information Brochure of the University containing the details of the courses which are imparted in the DDCE of the University. I will recommend the students from far and near places to take admission preferably in this University in view of the availability of all modern facilities in the campus. It is for the information of all the prospective candidates that this is a young University with dynamism, enthusiasm and discipline. The campus caters to all sorts of requirements of the students and gives them utmost facilities for their academic environment including smart class rooms, up-to-date laboratories, library and availability of internet through computer centre. This University has up-to-date course curriculum for its Professional and Technology P.G. Courses. Here, the students get a good chance to pursue their career in basic sciences too. For the last few years, we have been striding hard for the overall improvement of the University in the arena of academics as well as in the field of games and sports, cultural activities and other facilities. NSS is one of the strong points in favour of the University where the students are rendering excellent service outreaching directly to the society in general and the tribal community in particular. The students admitted to this University can surely find their dreams to be true because many a perspective plans are being worked out day in and day out here.

In this University, the students can come across with experienced and dedicated teachers and research scholars who take personal care of all the students and this gives confidence to the students' community who live over here, away from their parents. The scenic and peaceful campus encourages the students to concentrate in studying mindfully and punctually. It is a matter of pride and privilege for me to welcome the students who will not only shape themselves in this University but also bring laurels for it.

ABOUT THE UNIVERSITY

The North Orissa University (NOU) was established in the year 1998 vide Government of Odisha notification No-32930/HE dated 13th July 1998. The University was included in the UGC's list of Indian universities under 2(f) and 12(B) with effect from 15.02.2000 and 21.06.2006, respectively. The University is also accredited by National Assessment & Accreditation Council (NAAC), Bangalore with B grade with effect from 8th January, 2011. The territorial jurisdiction of the University covers Mayurbhanj and Keonjhar districts of northern part of Odisha. These two districts are thickly populated with tribal population. As development depends crucially upon human capital, NOU acts as a beacon to this region so as to pull up the underprivileged youth to the national mainstream of art, culture, science and technology.

The present University campus is named as Sriram Chandra Vihar after Sriram Chandra Bhanja Deo (1871-1912) who was the enlightened Maharaja of Mayurbhanj from 1892 to 1912. He is remembered even now for his able administration. Sriram Chandra Vihar is located at the outskirts of Baripada town. It is 260 km from the state capital Bhubaneswar. It is well-connected to all places of the state. The foundation stone of North Orissa University was laid by Hon'ble S.J. Girdhar Gamango, the then Chief Minister, Odisha on 13th July, 1999 and the present campus was inaugurated by His Excellency Dr A.P.J. Abdul Kalam, the then President of India on 15th May, 2003.

ORISSA UNIVERSITY (DDCE)**

DISTANCE EDUCATION

North Orissa University was established with the objectives of providing quality education to all sections of students. With the advent of liberalization since 1991, the Central and State Governments are seriously reviewing and evaluating the State of Higher Education. There is a marked shift in Government's approach from mode of higher education to higher education through distance learning mode. Most important aspect is the introduction of various professional courses in distance learning mode to cater to the needs of the increasing demand in the job market.

LEARNING MODE: Courses are conducted under Off-Campus-Distance Learning (OCDL) mode. Under such learning mode, the students are given education through study centres. However, the students may join the study Centre for acquiring necessary skills and hands on for practical subjects. Under OCDL system, special emphasis is given to the following points:

SELF INITIATED LEARNING (SIL): Self Initiated Learning requires specially designed study materials where the topics are derived through lessons as per the requirement of particular syllabus. The student has to set his own speed and methodology of learning with the help of various teaching/learning aids available.

PERSONAL CONTACT PROGRAMME (PCP): Personal Contact Programme is actually interactive learning session and not like regular classroom teaching. These sessions are basically organized to provide a platform to the students to clarify their doubts which they are unable to understand after going through the study materials. This is essentially a question answering session.

PRACTICAL SESSIONS: For papers/ Subjects involving practical training, the students can get associated with their study Centres.

PROJECT REPORT: Project Report forms an integral part of this system of education. This helps students to implement their knowledge, acquired during the learning process.
