Scheme of exam:

The Combined Medical Services Examination will be conducted according to the following plan:

In the first stage, candidates will have to take computer based examination for two papers carrying 250 marks each. They will get two hours to answer each paper.

The first paper of computer based test will have 30 questions from general ability, 70 questions from general medicine and 20 questions from paediatrics.

The second paper of computer based test will have 40 questions from surgery, 40 questions from gynaecology and obstetrics and 40 questions from preventive and social medicine.

Candidates who clear the computer based examination will be called for a personality test. The personality test will be of 100 marks.

There will be negative marking for wrong answers in the objective type question papers.

A demo module for computer based examination will be available on UPSC website at the time of the launching of e-admit card.
