All India Early Childhood Care and Education, an Educational Organisation, started Nursery Teacher's Training Course all over India, with the help & Co-operation of educational experts with a view to train unemployed educated girls, particularly the girls of Scheduled Caste, Scheduled Tribes and Backward class, so that they may impart education, based on modern lines to Pre-school, with a stress on moral, intellectual, Physical & social personality, as it was found, that there was no training for teachers in India for Pre-school going children education. The organisation takes guidance from N.C.E.R.T., New Delhi & Social Welfare Board (Govt. of India). Therefore, it is in line with research work at N.C.E.R.T. At present various Study Center are running in different State of India under the able guidance of N.C.E.R.T./Educational experts.

These two are the only genuine bodies for guidance and affiliation.

As Non-Government Organisation (NGO), AIECCE trying to make successful the vocational training programme of Social Welfare Board, Govt, of India, by imparting Nursery Teacher Training to unemployed educated women.

Aims & Objectives

The aims of Nursery Teachers Training Programme is to prepare teachers for pre-primary schools, so that they are able to :

Develop an understanding of principles and processes of various aspects of child's growth and plan educational activities accordingly.

Acquaint with basic principles of early childhood care and education keeping in view the goals.

Familiarize with methods, equipments and material of early childhood care and education with their effective use.

Understand importance of health, nutrition and welfare services for the child and the ability to nurture healthy habits, prepare nutritive and inexpensive meals and render first aid in case of minor injuries/accidents.

Be aware about role of parents and community in education of pre-school and early primary school children.

Develop an understanding of various tools and techniques of child study.

Organize, plan and implement school programmes.

Objectives

To provide women (graduate and under graduates) with the knowledge and skills which will enable them to run their homes and guide their children more efficiently.

To provide vocational training which help them get jobs in the middle level management.

To educate them about social needs of society the country and to awaken in them a desire to serve.

Nursery Teacher Training / Early Childhood Care & Education

Tapodhani Institute of Vocational Training has been set up in the most modern way keeping in view the advancements which have taken place in the sphere of pre-education school. It has a computer lab, art & craft room and attached nursery school for providing practical training to the students.

The importance of pre-school and nursery education has been realized by all educational authorities and agencies. The awareness of pre-school education is also picking-up fast among the parents. There are more than one thousand Nursery Schools in the territory of Haryana imparting education to the kids of 2.5 years age and above. Mostly these schools are run by non-government organizations and enterprising teachers.
