From the Founder

With the dawn of a new academic year, as I look back at the yesteryears, I find that journey since 1992 has been a period of great achievements for the Society and the NDIM.

With strong support of its Board, dedicated team of faculty and administrative staff, excellent corporate relations and ever improving infrastructure, NDIM now has a permanent place in the league of premier Business Schools, with 'Business India' placing it in category A++ and higher in its surveys of 2007 to 2013.

At NDIM, my vision has always been to develop business leaders who can tackle new challenges of industry. Our endeavor has always been to keep balance between education we impart and the education that industry needs.

We have accepted education and training as primary mode of serving Indian society at large. We are grooming future professional managers, who also have determination to serve the vulnerable and left out sections of society.

I take this opportunity to thank His Holiness, Sri Sri Ravi Shankarji, for giving valuable tips on "Stress Management" at our platform not only to the students and faculty of NDIM but also to the corporate world on two occasions, which were largely attended sessions with 'Sri' at Siri Fort auditorium. We believe that growth of spiritual causes, moral values and business ethics are integral to the grooming and success of every management professional. I am grateful to the corporate world and the distinguished people from academia for their continued support to NDIM and its students since 1996.

I am sure, we would be able to achieve greater success and fame for our students in the years to come.

Jai Hind,

From the Vice-Chairman's Desk

As part of NDIM, I feel immense sense of pride in the achievements of the Institute since 1996. Our approvals and accreditations by the All India Council for Technical Education (AICTE), consistent impressive rankings and success of students in the business world are testimony to our excellence in management education.

The Institute is proud to have continued association with some of the best names in the field of education, from the world of academics and the corporate sector. Our faculty ensures that students have solid understanding of fundamental business aspects as well as in-depth knowledge of the theory and practices in their chosen fields of management. Recognizing the need for a global perspective in management education, we regularly invite foreign faculty from reputed business schools, and renowned practising professionals from all parts of India to share their perspective and best international practices with our students.

Personality Development is one of the major hallmarks of the Institute. Students are groomed through various personality enhancement programmes, high profile management conferences and student-led activities of contemporary importance to the corporate world. It is our strong belief that extensive corporate interaction at NDIM is instrumental in shaping our students' managerial potential through guest lectures, industry visits, networking events as well as hands-on experience. Our roster of corporate partners is one of the best in the country and the corporate recruiters have all these years reposed their faith and confidence in the quality of our students. Our alumni have consistently proved their potential in the business world.

Coming from all parts of the country, our students represent a microcosm of the Indian ethos and culture, each with unique abilities and interests. At this institute, you interact with highly competitive, yet collaborative set of peers, in the process - developing long lasting bonds that you can count upon. I invite you to be a part of the exciting world of endless opportunities at NDIM - a premier Business School with a global vision.

Director's Message

Rapid advancements in technology and globalization demand speedy and innovative responses from young managers and we at NDIM, therefore, constantly upgrade skills of our students through suitable adaptations.

Since its inception in 1996, NDIM has carved for itself a premier position amongst the Management Institutions due to its emphasis on developing students with skills and capabilities to cope up with the changing needs of the Industry. The Institute prides itself on its state-of-the-art infrastructure, well equipped air-conditioned class rooms, faculty with a balanced blend of academics, research and Industry experience.

Our contemporary curriculum is regularly reviewed to keep pace with industry needs and is guided by a panel of experts drawn from academics, industry and business practitioners. The institute lays importance on developing individual's professional and personality skills through interactive approach. Training is supplemented through extensive industry interface, live internships exposure to actual business environment and inputs from corporate experts visiting the campus for interaction with the would-be young managers. NDIM instils in its student managers a culture of continuous learning, a compelling requirement to face today's changing business environment. Such initiatives have ensured that our student managers become industry ready by the time they graduate. As a result, NDIM has the distinction of 100% placements since its inception in 1996

Our PGDM programmes are approved by AICTE, Ministry of HRD, Govt. of India and Accredited by the National Board of Accreditation, Govt. of India. NDIM student managers have been accepted extremely well by corporate houses and have earned a name for themselves.

Our safe location at Delhi, the bustling capital of the nation, with its vibrancy and cosmopolitan culture, endows natural advantage to the institute.

I invite young and dynamic boys and girls to join NDIM and enjoy our association in their journey to success.

Dr. ATKRAMAN

S.N.P. Punj, Chairman Emeritus, Punj Lloyd

CRC keeps the Faculty abreast of ever changing requirements of Industry and works in tandem with them. Courses like Behavioral Finance, Risk Management, Integrated Marketing, Communication Management, Information Technology Infrastructure, etc. have been introduced for students at the instance of CRC in keeping with market demand for ensuring 100% placement record.

NDIM Founder, its Board of Directors, Advisory Council, Chairman, Faculty, Alumni and the CRC team are virtually one of the best networked combinations which any Business School can boast of. It is this combination which has enhanced NDIM relationship from 65 FI's, FI's, Business and Corporate Houses in the year 1996 to more than 1000 top recruiters.

Ms Bhumika Bansal, Director, (Quality Control, IT & Placement), leads the CRC team. She is alumna of IMT and LSR colleges and has done MCA (IMT Ghaziabad) and B.Com. (Hons) from prestigious LSR, Delhi University. She is a Certified Lead Auditor and combines academic knowledge with rich industry and corporate training experience. She has worked with Hewlett Packard, Infogain India and Religare as Senior Quality Analyst and Head Quality Control. She has also been Quality Consultant for a number of international corporate clients. She has been a Corporate Trainer for various international quality standards and process improvement approaches like CMMI, CMM and ISO, along with soft skill modules. She strengthens NDIM's innovative practices and industry networking.

Finest Placements thro' Founder Chairman

Since inception in 1996, NDIM has been facilitating 100% placement for its students, both in India and abroad. The Institute enjoys excellent rapport with industrial and corporate world and is placed at a very high pedestal by senior personnel manning top positions in the corporate world, public sector, various State Govts. and Govt. of India. Its founder Chairman recruited several of these top personnel, for 19 years from 1973 to 1992, in his capacity as member and chairman of top recruitment boards of the country. Personnel recruited by him during 19 long years are now heading most reputed private and public sector companies and Govts. and in turn recruiting senior personnel from NDIM and always available to facilitate its students.

Thro' Highly Networked Board

NDIM is perhaps one of the very few, if not the only Institute in non-government sector, to have unique distinction of being managed by 6 former secretaries of the Government of India. These distinguished civil servants of IAS and other top services of the country have headed the Ministries of Industries, Company Affairs, Petroleum, Health, Labour, Information & Broadcasting, Personnel, Cabinet Secretariat, Election Commission etc. in the Govt. of India and have served a number of State Govts, Public and Private Sector Undertakings at highest levels for several decades and have been CMDs and Chief Secretaries. All of them are on the Boards of several sought-after companies in the corporate and public sector world, in India and abroad, and take keen interest in NDIM students' placements.

Unparalleled International Exposure

In line with our objective of nurturing Global Business Managers, NDIM stresses extensively on adding an international perspective to its students' management education. Our department of international relations is guided by senior Diplomats and former Ambassadors. Leveraging on our place in the international field of management education, we have been able to provide frequent opportunities for global exposure to our students at various platforms.

International Projects/Trainings

120 International Projects across 20 countries were offered to 1st year students in 2012, 2013 and 2014. Multiple live projects & trainings were offered across Russia, China, Germany, Indonesia, Philippines, Taiwan, Kenya, South Africa, Vietnam, Mauritius, Malaysia, Italy, Turkey, Greece including 15 by PWC Egypt. All Boarding and lodging expenses for these trainings are being taken care by the employers.

Student Exchange Programmes

NDIM offers its students a unique opportunity to pursue short term exchange programmes with top international Universities. These programmes augment our student's experiential learning from face-to-face class interaction with foreign faculties, the globally diverse environment at international campuses and direct interaction with leading MNCs internationally. We currently have active MOUs with Universities in Spain, France and UK. Students from 2012-14 Batch pursued an exchange programme in Oxford, UK in 2013. A similar study programme is scheduled for NDIM students in Singapore and Malaysia in Nov 2014. Additional International tie ups are also in the pipeline to add a more diverse international flavor to our student's education.

A global village summit was organized at the campus in July 2014, wherein we hosted students from China, Vietnam, Morocco, Russia, Togo, Kazakhstan and Singapore to further promote cross cultural understanding among our students and enhance their potential as future global business leaders.

Guest Lectures & Seminars by International Faculty

We provide our students with frequent opportunities to attend lectures, seminars and workshops conducted by faculty from leading international universities who visit our campus. In the recent past professors / graduates from the following Universities have interacted with our students, Northwestern University, USA; Rice University, USA; Carnegie Mellon University, USA; Disney Institute, USA; Oxford University, UK; HS University, Germany, University of Applied Sciences, Austria; Stark State College, USA; San Jose University, USA; Adelphie University, USA; University of Cleveland, USA; H.W University, Scotland; University of Maryland, USA and Marquette University, USA

Separate class-rooms are available with multi-media facilities for presentations and Hi tech sessions, complete with LCD Projectors, OHP, Slide Projectors, Movie Projectors, LCDs, VCRs, etc.

NDIM Auditorium

State-of-the-art Information Technology Centre

NDIM has a contemporary state-of-the-art computing airconditioned environment with power back-up in the campus, spanning all over the buildings. 24x7 Internet connectivity of 10 Mbps through leased line (1:1) basis has been provided for the students, faculty and staff. Environment also includes latest computers in Local Area Networks, Wi-Fi Networks and stand-alones. Continuous efforts are made to replace and upgrade computer configurations to match the changing offerings in the market. At present there are 300 computers of Core 2 Duo and i-3 gen-2 Processors with Windows 7 Operating systems. Servers operate on Windows 2008 Server Operating Systems and Linux/Unix Operating Systems.

Together with the above, emphasis is laid on giving hands-on training to the students in the knowledge and usage of various applications' software like MS Office 2007/2010, Oracle, SQL Server, Visual Studio, Net and so on. Requisite software has been installed with Microsoft Campus Agreement for faculty and students.

In addition to the above, computers have also been dedicated for research purposes. Statistical Analysis Software SPSS, CMIE's, daily updated Prowess Database for analysis of the Indian Business Environment, has also been installed for researching various projects.

Modern Auditorium and Amphitheatre

NDIM has 240 seat fully equipped, modern, air-conditioned auditorium, inaugurated by noted play-back singer Abhijeet with his live performance. NDIM also has an air-conditioned amphitheatre of the same capacity, equipped with modern gadgets.

Cafeteria

Institute has an ultra-modern cafeteria which serves wide range of hygienically cooked delicious foods and snacks at controlled rates. It has aesthetic appeal, decor and ambience and offers great environment for interaction and fun.

Hostels

NDIM hostels are located close to the Institute. Fully furnished air-cooled rooms are available on twin-sharing basis. Rooms are well ventilated with attached bathrooms. Essential facilities like computer centre with internet connectivity, functional library, gymnasium, indoor games and STD/ISD are available in them. Girl's hostel provides free transport.

Sports

Students have access to excellent sports facilities which include indoor sports at the Campus and outdoor sports at Delhi's prestigious sports clubs. NDIM students get to interact with the virtual who's who of the country at these formal and informal platforms.

Medicare

In order to ensure physical fitness of faculty and students, NDIM provides regular free medical check-ups by senior physicians drawn from known hospitals of Delhi. In addition, a general physician, MRCP and cardiologist, is a regular medical consultant and visits the campus three times a week for free consultation. Full-time trained medical attendant is also present at the campus on all working days.

Distinct and Outstanding Faculty with Rich Corporate Background

Faculty at NDIM is highly motivated, research oriented and warmly interacts with students even beyond the classrooms and helps them in their different pursuits and learnings. Faculty uses innovative pedagogy, including case studies, classroom discussions and industry related assignments. Distinction of NDIM lies in its finest placement record since inception in 1996, credit for which goes largely to its faculty, which is mostly drawn from the corporate world. Apart from full time faculty, NDIM has regular visitors from Ivy league B-schools. A number of 'visiting fellows' from the corporate world also regularly interact with students, formally and informally.
