
EXECUTIVE Diploma in Medical Laboratory Technology (DMLT)

Curriculum

CURRICULUM

FirstYear

Fundamentals of MLT
Lab Management Skills
Basics of Anatomy
Basics of Physiology

One month Observer ship

Basics of Hematology
General Biochemistry
Basics of Pathology
Blood Banking

One month Observer ship

Second Year

Basics of Microbiology
Serology
Clinical Biochemistry
Clinical Pathology

One month Observer ship

Last Semester : Compulsory Rotatory Clinical Internship

Year	Semester	Subject	
Year I	Semester I	Fundamentals of MLT	
		Lab Management Skills	
		Basics of Anatomy	
			Basics of Physiology
		Semester II	Basics of Hematology
			General Biochemistry
			Basics of Pathology
			Blood Banking
	Year II	Semester III	Basics of Microbiology
Serology			
Clinical Biochemistry			
Clinical Pathology			
Compulsory rotatory clinical Internship			

Academic Framework (After Graduation) :

Fundamentals of MLT & Lab Management Skills

Basics of Anatomy & Physiology

Basics of Hematology

Blood Banking

One month Observer ship

General Biochemistry & Clinical Biochemistry

Basics of Pathology & Clinical Biochemistry

Basics of Microbiology

Serology

One month Observer ship

Year	Semester	Subject
Year I	Semester I	Fundamentals of MLT & Lab Management Skills
		Basics of Anatomy & Physiology
		Basics of Hematology
		Blood Banking
	Semester II	General & Clinical Biochemistry
		Basic & Clinical pathology
		Basics of Microbiology
		Serology
