B. MAIN DISCIPLINE – ALLIED DISCIPLINE COMBINATIONS FOR RET CANDIDATES

To provide an opportunity for inter-disciplinary research a candidate has an option to be admitted to an allied discipline by appearing in the RET of related main discipline. The details about it are given below:

- A candidate shall appear in the RET of the discipline in which he/she has done his/her Post Graduate Course unless otherwise provided in minimum eligibility conditions (Section C).
- In such cases, where RET is not conducted in the candidate's discipline at PG level but the said discipline is an "Allied Subject" (**as per list at Appendix I**) to one of the main disciplines in which RET is conducted, he/she shall appear in the RET for the said main discipline.
- Further, in such cases, where RET is not conducted in the candidate's discipline at PG level and the said discipline is an allied subject to more than one main disciplines in which RET is conducted, he/she may opt for RET in a discipline which is closest to his/her P.G. discipline in his/her opinion.
- However, in cases at *para (ii) and para (iii) above*, mobility of candidates to other disciplines would be restricted to only such disciplines where candidate's main discipline (in which the candidate holds the qualifying degree) is an allied subject.
- Further, in a main discipline, the maximum number of admissions that can be given to candidates from allied discipline shall be 30% of the vacancies in the main discipline. However, if in any discipline, the Vacancies are not filled up due to lack of candidates from the main discipline, students from the allied discipline may be admitted.

- vi) Candidates possessing their PG Degrees in such disciplines in which RET is not being conducted during the academic session 2012-13 {as listed in Table 1(b) and 1(c)}, may appear in the RET of any one of the allied disciplines mentioned against their main discipline at Table in section B. However, their selection will be restricted within the 30% quota meant for admitting candidates to only such disciplines where candidate's main discipline (in which the candidate holds the qualifying degree) is an allied subject.
- vii) List of allied disciplines corresponding to a main discipline in which the candidate is eligible for admission by virtue of appearing in the RET of the main discipline is given below:

IMPORTANT: The candidate seeking admission through RET should not select the disciplines specified in Table 1 (b) and Table 1 (c) as their preference of allied disciplines/Main discipline in the table given below.

However, a Physically Challenged (PC), SC/ST/OBC/OBC-MINORITIES candidate shall not get the double benefit of being SC/ST/ OBC/OBC-MINORITIES as well as PC candidate in the above relaxations.

CALCULATION OF ACADEMIC RECORD:

Case 1 Where postgraduate degree is considered as the qualifying examination, and

a) Marks are awarded in Postgraduate Examination

$$M = (X_1 + 0.6 X_2 + 0.25 X_3 + 0.15 X_4)/2,$$

b) Marks are not awarded in Postgraduate Examination

$$M = (0.6x X_2 + 0.25x X_3 + 0.15x X_4)$$

Case 2 Where undergraduate degree is considered as the qualifying examination,

$$M = (X_2 + 0.4 X_3 + 0.3 X_4)/1.7,$$

Case 3 Where the candidate has passed Higher Secondary Examination only (instead of High School & Intermediate both)

$$M = (X_1 + 0.6x X_2 + 0.4x X_5)/2$$

where,

M = Marks for the academic record,

X₁ = Percentage of marks obtained at the post-graduate examination,

X₂ = Percentage of marks obtained at the under-graduate examination

X₃ = Percentage of marks obtained at the intermediate/higher secondary examination,

X₄ = Percentage of marks obtained at the high school examination, and

X₅ = Percentage of marks obtained at the higher secondary examination.

Note: 'M', X₁, X₂, X₃, X₄, X₅ will be calculated upto two places of decimal. 50 Marks in Academic record means mark should be 50 and above. Rounding for lower marks not applicable.

Example (Case 1):

If X₁ = 56.10%, X₂ = 60.39%, X₃ = 62.25%, X₄ = 55.65%

$$M = [56.10 + (0.6 \times 60.39) + (0.25 \times 62.25) + (0.15 \times 55.65)]/2$$

$$M = 58.11$$

- NOTE:** (i) A candidate appearing in the final year of the Qualifying Examination may also apply and appear in the RET (wherever applicable). A candidate may be admitted for the Ph. D. programme at the beginning of any Semester provided the result of the qualifying examination is declared before the start of the counseling for admission to the Ph.D. programme and he/she fulfils the eligibility criteria.
- (ii) If the applicant has passed the qualifying examination *where grades are awarded and:*
- Where the Grade Sheet does not mention the equivalent percentage of marks from grade points, the candidate should submit such a Certificate of conversion from the concerned Institution mentioning either the converted percentage, or the formula for the actual conversion of grade point average to percentage of marks.
 - Where the Grade Sheet itself mentions the equivalent percentage of marks from grade points, or the formula for such conversion, the candidate should get both sides of the Degree/Grade Sheet photocopied showing the equivalent percentage of marks/conversion formula and enclose with the Application Form.
 - In case there is no conversion formula for computing the percentage, CGPA (out of 10) multiplied by 10 will constitute the percentage. If the CGPA is available out of 4, then CGPA multiplied by 25 will constitute the percentage.
 - For the candidates belonging to the RET Exempted category, the minimum benchmark of obtaining the academic record of 50 shall not apply. However, the Academic Record for such candidates would still be calculated, as per the aforesaid formula, for the purposes of determining the *inter se* merit amongst the RET Exempted category applicants.
- (iii) "Aggregate percentage of marks" will include grace marks awarded to a candidate.
- (iv) *A candidate already possessing a Ph. D. degree of this or any other University shall be eligible to be admitted to the Ph. D. programme for an additional Ph. D. degree in a subject other than the subject in which he/she already possesses the Ph. D. Degree. D., etc. will take a final decision.*
