The candidates should have a minimum of 55% marks (50% marks in case of SC/ST) or equivalent grades in the qualifying examination (as listed below)

Industrial Design

- Bachelor's degree in Engineering/ Architecture Design/ Interior Design, or equivalent
- Professional Diploma in Design (NID/CEPT, or equivalent)

Visual Communication/Animation/ Interaction Design

- Bachelor's degree in Engineering/ Architecture/ Design/ Interior Design, or equivalent
- Professional Diploma in Design (NID/CEPT or equivalent)
- BFA (4 year Professional programme, after 10+2)
- GD Art (5 years programme after 10th) with one year professional experience
- Master's degree in Arts/ Science/ Computer Applications

Mobility and Vehicle Design

- Bachelor's degree in Engineering/ Architecture/ Design/ Interior Design or equivalent
- Professional Diploma in Design (NID/CEPT or equivalent)
- BFA (4 year Professional programme, after 10+2)

Separate application form must be submitted for each discipline along with application fee for each

Qualifying Examination

All applicants who would like to be considered for admission must be qualified through CEED (Common Entrance Examination for Design)

Application Forms

The candidates who have qualified through CEED will have to further apply to IIT Bombay. Application forms are available on IITB website. Candidates must apply online in the month of January by visiting IITB website: <http://www.iitb.ac.in/admissions>. A hard copy of the application form duly filled in along with enclosures should be submitted to:

**Deputy Registrar (Academic),
Indian Institute of Technology Bombay,
Powai, Mumbai - 400076**

Telephone: 25767066, 25767059

After applying online, submit the completed hard copy of application form with demand draft for Rs.300/- (Rs.150/- for SC/ST) for each application payable to: 'Registrar, Indian Institute of Technology Bombay.' Payable at Mumbai.

Admission Test / Interview

The candidates who have qualified through CEED will have to further apply for admission test to IDC, IIT Bombay in the month of January. Sponsored candidates (by Industry) or self financed students are also eligible to apply for admission after having qualified through CEED.

On receipt of your application it will be scrutinized by the committee and the top 100 on the basis

of the CEED Score for each stream will be called for test and interview. Those eligible for test and interview will be informed on www.iitb.ac.in/admissions site in last week of February. A weightage of 25% will be given to CEED score & the remaining weightage will be divided within the written test & the interview. Name of the selected candidates will be displayed on IITB website. Candidates have to go through normal medical tests of IIT for the purpose of admission.

Admission Procedure

The test will be held in the month of March from 9.00 am onwards at the convocation hall of IITB. This will be followed by an interview at IDC in March. The list of selected candidates (provisional) will be displayed on www.iitb.ac.in site in the month of March. The candidates selected for admission (provisional) will be required to pay the admission fees and other deposits in the month of March. Wait listed candidates will have an opportunity for admission, if any of the selected candidate do not pay the fees in time. The selected candidates after payment of requisite fees will be required to register for the course in the month of July. The course starts in July. Once the semester starts, you will not be able to take any break till the winter vacation which starts on 1st December.

M. Des Programme for Foreign Nationals

1. A minimum of 60% marks or equivalent grades (6.0/10.0 or 2.4/4.0) at the qualifying examination.
2. Valid TOEFL score (for candidates from non-english speaking countries)
3. Outstanding portfolio (to be evaluated by PGC of IDC, IIT Bombay)

FAQs

Designer Who?

A Designer is a professional who creates new products, Interfaces and environments or improves those that already exist for enhancing the quality of life. A designer by nature is a highly creative person and enjoys solving problems. Designers constantly keep in touch with new materials, processes and technology and readily understand aesthetic, social and functional needs of users.

Why you?

If you are firm in your views and looking for a career which will give the creative streak in you an outlet and also provide you with a good living, design may be the profession for you. A learner at IDC is expected to be self motivated and hard working, with an open mind.

What if I have applied for more than one program?

There will be separate written tests & interviews for each of the five different programs namely; Industrial Design, Visual Communication, Animation, Interaction & Mobility & Vehicle design programme. If you have applied for more than one of the programmes, you need to appear for written test & interview for each program separately. You have to bring examples of your work reflecting your capabilities in the area applied for and present it to the interview board.

How do I prepare for the test?

The test will be about one and half hours duration. It will test your ability to creatively and appropriately solve simple design problems. Importance is given

to the following - Problem Analysis, Creativity, Alternate Concepts, Justifications for your Solutions and Visual and Textual Presentation Skills. You need to bring your own drawing/writing aids such as pencils, brushes, colours, paints, etc. for the test.

What is the interview like?

You will be given opportunity to present before a panel of faculty members to present design related initiatives and creative work done by you. This could include earlier student projects or professional works. The interviews are conducted in an amicable atmosphere and there may be questions about your future plans, your background, your portfolio, your strengths and weaknesses and your aptitude to design, creativity and openness to new ideas.

How can I best present my work?

You can compile some selected works of yours into a folder with actual printed materials, photographs, samples etc. If you have large paintings or artwork, take photographs of them instead of bringing the originals all the way to Mumbai. You can also bring CD or Video of your work through computer presentation (but remember, the time for presentation/interview will have to be within 10-15 minutes)

What is the basis for selection?

The admission committee decides your admission on an overall criteria of your academic background, work experience, performance in design test, portfolio, your maturity, personality and CEED score.

Do I need to have my own computer?

For all registered students IDC expects to have their own personal laptop/PC to take care of basic computing needs. All the classrooms have wireless net connection. However high end workstations are provided by the department for advanced work.
