Components of Distance Education Programmes

Internal Assessment: The Directorate is introducing 20% Internal Assessment marks in each Theory Papers in a phased manner w.e.f. the academic session 2012-13 initially in the following courses/classes:

1. Bachelor of Arts (B.A.) (3-Year) Part-I
2. Bachelor of Commerce (B.Com.) (3-Year)Part-I
3. Bachelor of Information & Management (B.I.M.)(3-Year)Part-I
4. Bachelor of Computer Applications (B.C.A.) (3-Year)Part-I
5. Certificate Course in Urdu (CCU) (1-Year)
6. Certificate Course in Computer Applications (CCA)(1-Year)
7. Certificate Course in Fashion Designing (CCFD)(1-Year)
8. Diploma in Library & Information Science (D.Lib.Sc.)(1-Year)
9. Bachelor of Library & Inf. Sc. (B.Lib.Sc.) (1-Year)

Guidelines for 20% Internal Assessment in the Distance Education Programmes:

1. The Directorate would supply to the students two questions (each question having 2 parts) on each course of the programme. The students will prepare one handwritten Assignment of 10 pages (A4 Size) minimum attempting any one of the supplied questions in each Theory Paper of the concerned course carrying 20 marks each and submit the same in the Directorate by **31st December every year or one month after the admission to the course whichever is later.**
2. In case, a student does not submit the required Assignment, marks secured by the student in the concerned Theory Papers would be enhanced proportionately in respect of Internal Assessment.
3. There would be no re-evaluation of the Assignments. However, if any student is not satisfied with his/her internal assessment marks, he/she may be allowed to see his/her assignment(s) on a written request to the Directorate alongwith a fee of Rs. 100/- each paper within 1 month of the date of declaration of the main results or 15 days from the date of issue of the D.M.C. whichever is later.

4. **The results of the students would be computed taking into consideration the marks secured in Internal Assessment plus marks obtained in the Theory Papers.**
5. The record of the Awards and Assignments would be kept by the Directorate for a period of 1-year from the date of declaration of Main result of the concerned course.

Study Material : The Directorate provides quality course materials in SIM format prepared by experts of repute keeping in mind the quality and academic standard for each course in respective fields. The Chairpersons or senior faculty members of University Teaching Departments act as Coordinators of the distance education courses. Study material is also sometimes supplemented by the books referred to in the syllabi to re-enforce learning.

Personal Contact Programme: Personal Contact Programme is an integral part of the distance education to stimulate and help students to come out with the problems they may face during the course of their study. The Directorate organizes short-term, condensed, intensive coordinated PCPs both for theory and practical contents of the courses conducted by the University Teaching Departments in the University and at various other Centres of University affiliated Colleges for the benefit of the students. It provides the students an opportunity to remove their problems and enables an opportunity for social interaction with other students of the programme. Efforts are made to cover the maximum part of the courses in the PCPs.

Response Sheets : In order to motivate and inculcate the habit of writing among the students, they are encouraged to prepare and submit written assignments/response sheets. These response sheets, duly evaluated, are returned to students with comments by the teachers, which serves as feedback and also as a dialogue with the teachers thereby obliterating students' feeling of isolation. The relevant guidelines and comments given by the teachers help learners to grasp the subject systematically and perform better in the university examinations.

Students' Counseling : Students' counseling is also an important aspect of distance education which plays a vital role to guide the learners in respect of academic, administrative or personal problems. Students are advised to contact the teaching faculty of the Directorate or the Course Coordinators during working hours to discuss their problems.

Facilities

Library : The Directorate has an independent, centrally air-conditioned, well-equipped Library of its own and has rich collection of books on all subjects. Learners are allowed access to use the Library facilities on all working days, on production of identity card issued by the Directorate.

Teaching Block : The Directorate has an independent, 3-storey Teaching Block meant exclusively for the students of distance education courses. The teaching block comprises Lecture theatres, tutorial rooms, teachers' rooms, common rooms for boys and girls, a counter for distribution of study material, teachers' rooms, staff room, open air theatre,

- centrally air conditioned Library and Computer Labs equipped with modern amenities.
- Computer Lab** : Apart from the facilities available at the institutions for hands-on-practice where the PCP of distance education courses are conducted, the Directorate has recently established centrally well equipped Computer Labs. The Lab has 60 nodes facility for simultaneous use of students at a time and is connected with Internet facilities.
- Other facilities** : In order to facilitate the admission procedure, not only the admissions have been computerized but the admission forms also have been simplified with detailed provisions in the DDE Prospectus for reference by the candidates. Reception-cum-Enquiry for pre admission counseling, multiple numbers of counter for the receipt of admission forms and for the issue of study material facilitate the admission procedure.
- Student Support Services:** A special feature of the distance education programme is the Student Support Services. The students finding any difficulty in pursuing distance education courses may get in touch with the concerned Officer/Official or the Coordinator, Student Support Services in the Directorate.

Financial Assistance to Students:

Information on Achievement

The credibility and popularity of various courses offered by the Directorate is demonstrated by rising graph of its enrolment from only 400 students in 1976 to about 28000+ in 2011-12.

The Directorate has an impressive infrastructure, student support services and various other facilities to facilitate quality teaching and learning for its students. It is a matter of great pride and pleasure that Directorate has taken lead to assimilate learner-friendly technologies by launching **Gyan Sanchar** Lecture Broadcast Series and installing Satellite Interactive Terminal using IGNOU National Beam. These facilities will go a long way to make the system vibrant and at par with best Institutes of Distance Education at the National and International levels.
